

PLAN BANQUET FOR MEMBERS OF LOCAL POST

Plans are now being made for a big banquet, program and dance early in December by the officers of the Daughters of Utah Pioneers and Sons and Daughters of Utah Pioneers and Indian War Veterans. These two organizations contemplate the serving of a fine banquet to approximately six hundred persons, according to Dr. P. L. Jones, Captain of the local post of the latter named organization.

They have a fine Elk in cold storage at the present time, and expect to have a fine barbecue for the people of Nephi early next month.

The State officers of the Sons and daughters of Utah Pioneers and Indian War veterans will be special invited guests to the affair, and the success of the party in a large measure will depend whether or not the annual Blackhawk encampment will be held in Nephi. If the banquet, program and dance go over in a big way, then the state officers who will be guests here, will feel like boosting for Nephi for the 1935 encampment.
