

Contract is Signed For Ute Stampede Stock

Sorenson Inspects Nephi's Rodeo Arena; New Lines of Stock To Be Brought to Nephi for Affair.

J. C. Sorenson, co-manager of the Colborn-Sorenson Rodeo company of Blackfoot, Idaho was in Nephi Wednesday, looking over the facilities for the handling of the gigantic rodeo of the Ute Stampede, which is to be held here July 9, 10 and 11.

Mr. Sorenson reported that the rodeo arena which last year was built at the Juab county fair grounds is the finest of any at which the company appears, and the chutes are the safest for the rodeo performers.

This is the first trip that Mr. Sorenson has made to Nephi since last summer, when he made the specifications for the building of the giant rodeo arena at the fair grounds.

While here, Mr. Sorenson signed the contracts with Dr. P. L. Jones, chairman of the executive committee, for the furnishing of the stock for the gigantic entertainment, which is to consist of a large number of wild Mexican brahmas, Texas Longhorns and bucking broncos. The company has just secured a new string of wild broncos and has added a large number of both Brahmas and longhorns to their string.

Assuring the officials of the Ute Stampede that they would have the best performers in the country in Nephi for the annual affair, Mr. Sorenson stated that he has contacted the leading performers in roping acts, trick riding, bulldogging and bronco busting and the other parts of the rodeo entertainment, to assure their appearance in the state at the time of the Nephi show.

Mr. Sorenson congratulated the Nephi officials in the selection of the western costume as a means of advertising the annual stampede. He stated that this method was not only forceful in its appeal, but was one adapted to both the lady and the gentleman.

Intricate plans are also going forward for the staging of the State-wide municipal band contests in Nephi in connection with the Stampede.
